Is Asking Aid For Chinese Children

L. A. WOODS

L. A. Woods, State Superintendent of Education, has been appointed Chairman of the United China Relief Committee for Texas schools. He will work with State Chairman Nathan Adams and Governor Coke Stevenson, vice chairman, in the drive to raise \$200,000 in Texas to aid sixty million unfortunate and suffering war victims in China. Money given by Texas school children will be used to aid the children of China, millions of whom are homeless, destitute and starving as the result of Japanese invasion. Chairman L. A. Woods urges that every school in Texas make a collection for United China Relief without delay and forward the money to Nathan Adams, president of the First National Bank in Dallas. The money will be sent overseas to aid the little Chinese children who are so badly in need of help. Every student and every teacher is asked to subscribe to this humane cause.

DON'T BE LATE

This is a season of the year when everybody is in a rush—even newspapers are rushed. Now listen, The Herald is liberal to print FREE every item of public interest, except when somebody is trying to fatten his own pocket book at the expense of the newspaper. Since we are so liberal, we ask your co-operation. If you have something that should be published, don't ask "How late?", but make it first so you will not miss the "train". We mean it.

Call For Volunteer Red Cross Workers

Any one willing to help with Red Cross sewing or knitting either at the sewing room or in their home, please call Mrs. M. Y. Wilson or Mrs. C. F. Butcher.

Mrs. J. Arch Boyd left Thursday for Buffalo, New York to visit her daughter, Mrs. Robert Boyer. Mrs. Boyer was formerly a stewardess for the American Airlines out of New York but married last January. Mrs. Boyd took a plane at Abilene for the trip. Flying is no new experience for Mrs. Boyd. She flew 4,000 miles in 1940.

40,000 Bales of Cotton May Be Open Jones Co.

Cotton pulling weather is at a premium these days, and pullers are the most popular people in West Texas.

So many rainy days and so many wanting to work has made every man's town look boom days. Sunshine is welcome by everybody.

A survey of Jones County would cause one to guess that from the middle of last week to this Thursday there has been about 40,000 bales of open cotton in Jones Co. fields. The next ginning report will be taken about October 18, and by that time if the sun shines, Jones County will rank high into maybe 30,000 bales or more.

Hamlin gins have been overflowed every sunshiny day this week, and their hum has run far into the nights. One or two break-downs have delayed the ginning output at those gins.

Cotton pulling enables even a lazy fellow to earn dollars per day now. If there is anybody idle at this time it is because he can't work or wants to get along without work.

Driver's License Renewal Delayed

AUSTIN, Oct. 1.—Issuance of long-awaited new drivers licenses in Texas, scheduled to begin Oct. 1, will be delayed a week or ten days, State Police Director Homer Garrison announced today.

Garrison said paper stock for the printing of applications and other supplies, ordered more than two months ago, have just now been received. "Several days will be required for printing and distributing the applications," he said. "We're going to get started as soon as humanly possible."

Due to be renewed by Dec. 31 are all old licenses numbered from 1 to 450,000. Licenses bearing numbers above 450,000 will be renewable at later periods.

Applications for renewal will be available from Highway Patrol offices, Driver's License Examiners, sheriff and police departments, banks and other public places, or by writing direct to the Department of Public Safety in Austin.

Applications must be executed on a typewriter or printed in ink and mailed to the department in Austin along with a 50-cent money order or cashier's check. Stamps or personal checks will not be accepted. The new licenses, good for two years, will be mailed to applicants from Austin.

Persons renewing licenses will not have to take an examination unless they have had records for traffic violations or collisions.

Jeff and Dubb Cheshier have leased the John Green Garage located just back of the John Green Motor Company. Both these men are experienced mechanics who know all about cars and tractors. They will appreciate your business. Notice their announcement in this week's paper.

Surveys Being Made For Highway Construction

Last week the Herald had quite a lot to say about Highway No. 92 being allotted money for the hard topping. Some thought that perhaps in a year or two actual work might begin. That's where they were fooled.

Early Monday morning surveyors were seen on this highway just where it leaves Central Avenue, and all this week they have been running lines, taking levels and drainage areas in preparation for the plans and specifications to be drawn up so the contract can be let as early as possible. So doubters, hold your horses, it will not be long now.

The engineers have a big problem to control all the water that comes down the Hamlin Avenues to 5th Street (Highway No. 92). The first factor to be handled in building a road is to care for the surplus water, especially the flood waters.

STREET IMPROVEMENTS

It is in keeping with travel to say at this time the City of Hamlin with Bill Rountree as foreman, is building some dandy gravel blocks in Hamlin. The City has one or two trucks now that spend most of their time rebuilding or resurfacing the streets. A number of blocks have been reworked and the work is still going on. The permanency of such construction depends upon the quality of gravel or caliche used. In fact, what is called "pit strip-pings" which has considerable gravel and but little dirt makes the best kind of road. Some of the earlier so-called caliche streets have become more "holey than right", and need new attention. The city trucks and Bill Rountree should be able to do the trick.

J. F. Morgan and family who came to Hamlin from Pioneer several months ago, should have been introduced long ago. Mr. Morgan is Production Foreman for the Texas Co. He takes the place of "Andy" Anderson who moved to Monahans. Mr. Morgan is an old time oil man, being at it since 1904, and the last 17 years with the Texas Co. Mr. and Mrs. Morgan occupy apartments on Highway 92, the Howard building. There are two daughters at home, Misses Jimmie Frances and Beatrice.

B. L. Jones, secretary-treasurer of the Stamford, Hamlin, and Jones County National Farm Loan Association, who attended a conference of 14 NFLA secretary-treasurers in Wichita Falls, Thursday, said that Texas farmers and stockmen are enjoying the highest price levels for their products since May, 1930. The associations and their land bank are advocating a plan which permits payments on obligations in advance to build up a cushion against lean years and at this time they are able to permit an offset in interest on advance payment.

Mrs. J. V. Milsap spent the week end in Abilene visiting her sister, Mrs. J. W. Wommack, and attending the fair.

Adeline Elizabeth Riddle Died In Borger

Adeline Elizabeth Riddle, age 19, daughter of Mr. and Mrs. J. A. Riddle, died Wednesday night, October 1, at 9:30 o'clock in a Borger hospital.

Adeline was born December 30, 1921, in Tuxedo. Since her graduation with the 1940 class of the Borger High school, she had been employed by the Griffith Theatre Company in Borger.

Funeral service was held in that city, Thursday afternoon at 2:00. Pallbearers were Quint Barksdale, Curly Barnes, Tom Davidson, Guy Newton, Warren Greenway, Jr. and J. B. Floyd.

Following the service the Powell Funeral Home of Borger conveyed the body to the home of an aunt, Mrs. Ross Fomby in Hamlin where it remained until Friday morning when it was taken to the Fairview church south of Tuxedo where the final funeral rites were conducted by the Rev. H. E. East, pastor of the Hamlin Baptist church. Burial was in the Fairview cemetery.

Pallbearers were J. B. Ashburn, Dullin Apperson, Lee Greenway, Warren Greenway, Jr., Boles Fry and C. A. Fomby.

Flower girls were Eloise Riddle, Charlot Riddle, Virginia Ashburn, Peggy Ashburn, Dixie May, Peggy Greenway, Mrs. Boles Fry, Mrs. Warren Greenway, Jr., and Mrs. Frank Wagoner.

Survivors include the parents, three brothers, Durwood; Ralph C. and Billy Tom; a sister, Mrs. Leon Steiger, three nieces and a nephew, all of Borger, and D. H. Dunston, the young man to whom she was soon to have been married.

JONES COUNTY BOYS

WIN AT ABILENE FAIR

Fourteen Jones County boys exhibited livestock at the West Texas Fair at Abilene. They won \$8106 in prize money. The fact of the matter is that there were not any Jones County boys who exhibited that did not win something.

Guests in the home of Mr. and Mrs. J. C. Culbertson this week are their daughter, Mrs. Paul Fraser and husband, of San Benito, and Mrs. Clinton Fraser, of Raymondville. Clinton and Paul Fraser were Hamlin bankers in the early day of this city and while Mr. and Mrs. Paul Fraser visit her parents here frequently, this is the first visit Mrs. Clinton Fraser has made here in a number of years.

A BABY DAUGHTER

Mr. and Mrs. Joe Simpson are parents of a lovely little daughter, born Saturday morning at 12:45 at the Stamford Hospital. She weighed 7 pounds and 11 ounces. Up until Wednesday at noon a name had not been selected. Mrs. Simpson and daughter will return home Friday.

Mr. and Mrs. Weldon Johnson were down from Slaton to spend a part of last week with home folks.

Pied Pipers To Meet Throckmorton Tonight

The Pied Pipers will go up against one of the district's strongest teams tonight on the home field. Throckmorton is coming over after drawing blood from Haskell in a hotly contested game last Friday night.

This is the Pipers' first conference game at home and the game promises to be the best entertainment for Hamlin this season. A gang of folks will be on hand to boost the home boys. Hamlin may have another set of District Champs and this game with Throckmorton may be the test. Get your tickets early to get a seat. The cost is not much above the usual price, and the extra goes to whip Hitler, so pitch in a ticket's worth; you'll get your money's worth. Remember tonight, October 10th, on Pipers' Field it is a hot time with Throckmorton, cow town on the east bleachers. . . . Rain or moon, you ought to be there!

Bruce Proctor Moves Family To Rochester

The Herald should not say just "Bruce" Proctor, but Minister Bruce Proctor, for after years of study for the ministry he has now become a full time pastor at Rochester.

Minister Proctor and wife and sons Bruce Jr. and Billy Ray moved to Rochester on Wednesday of last week. Mr. Proctor has resided twenty years in Hamlin, married here and has been faithful in the activities of the Church of Christ. A family of this usefulness will be missed in Hamlin. Bruce Proctor has an ideal family, two bright boys ages 11 and 13, and work in whatever field they live is their middle name.

Rochester community should be a better place after the influence of the Proctor family a short while.

Appreciation

I wish to express my appreciation to the friends who have made it possible for me to have a good flower shop in Hamlin. I have enjoyed working with you for many years and thank you for your patronage.

I have sold my business to Miss Elva Greenway and know that she will carry on. She had a course in floral design at Denver, Colo., this summer and has been under my instruction for some time. I trust that all of you will find her in her new location 3 blocks west of the Bank.

MRS. L. B. PRIBBLE

Roy Edwin Tims, private in A Battery 131st Field Artillery, came home Wednesday on his 15 days furlough. Roy says his outfit is the best in all the 36th Div. Roy has had two maneuvers in the Louisiana swamps, and he does not think the past one was as hard as last year.

Defense Speaker

Senator Tom Connally of Texas, above, will deliver the principal address for National Defense Day at the State Fair of Texas on Sunday, October 12. Senator Connally will come from Washington for the event, which is to be the greatest patriotic demonstration ever held in the Southwest. Ceremonies will begin at 3 p. m. in the huge Cotton Bowl and more than 50,000 persons are expected to hear the address. Every civic and patriotic organization, including American Legion, Veterans of Foreign Wars, Texas Defense Guard and others, will participate. Many organizations will send representatives from every section of the state.

Statement Concerning The Coming Revival

The forthcoming revival, which begins Monday night in the High school auditorium, is NOT sponsored by any church nor organization, group of persons, nor person in Hamlin.

The auditorium at the High school being the largest auditorium in town, was asked for use by Mr. Crimm, who is afraid of his tent at this season of the year. Cold days and wet weather make the tent too cold and Mr. Crimm suggested to begin in the Auditorium because of the apparent handicap that might be experienced during the revival. Mr. Crimm is coming on his own initiative. May we pray for him and his party and for the salvation of the lost in our community.

Signed:

J. E. HARRELL, President

have to hire gunners to man the guns, and thus every merchant ship will become a warship.

Now the Neutrality Act prohibits ships from going into waters infested by warring craft. So why arm merchant ships if we are to keep a law that keeps them out of dangerous waters? The whole upshot of the matter is that so anxious was the United States to keep out of the shooters way, Congress

passed a cowardly act similar to that of a terrapin pulling in its head when somebody rattles a bush. That act should be repealed.

The real American way would be to repeal all cowardly acts and tell the world that we have a right to the seas, and behanged if somebody bangs down one of our unarmed merchant craft. If there is any one thing most Americans hate it is fiddling around the bush when we should speak up and act up like a real he nation. Diplomacy is well and good but it seems playing diplomatic has gone all the rounds since Hitler started. Cut the strings and let's go and come as we did in the good old days of long ago. Congress may keep us out of the war, and that depends on whether or not Russia holds out till Germany is worn out against Russia's wall of suffering humanity and snow banks.

—T & T—

In The Name of Religion

If there is any one subject that makes a nation or an individual tread upon troublesome ground, it is Religion. Better steer clear of a religious subject if you want to keep out of an argument. People are particular about their religion. What one believes determines what his religion is. What one is taught determines his belief, in most cases. But maybe we had better not even say this much, for already we hear the argument.

We are leading up to the national question that is running the diplomatic rounds lately, as to whether or not religion can be free in Russia. Communism and religion, if most of us understand it, has but little to do with religion, and we mean Christian religion. Whether or not Russia will permit freedom of religion after two of the greatest Christian nations in the world have helped her regain and retain Russian freedom as a nation, is now the great question. But what is a promise? Nations break promises just like many individuals all around you. So whether Russia will permit freedom of religion or not, Russia is now playing a part that every Christian people should appreciate. (She is doing more to stop Hitler, a hater of our religion, than any other people in the world. Russia needs everything we can get to her. Russia has been too friendly with Hitler, and is getting a hard kick in the pants.

Religion will take care of itself, if each individual takes care of what is being taught and therefore what the nation believes. People who do not believe in something never amount to much in the world.

CHURCH OF CHRIST

Mt. 23:37 Jesus said, "O Jerusalem, Jerusalem, thou that killest the prophets, and stonest them who are sent unto thee, how often would I have gathered thy children together, even as a hen gathereth her chickens under her wings, and ye would not."

Notice that Jesus said that the reason his love did not gather them together as a hen gathers her chickens was that they would not. Jesus wanted to do so but they did not want Him to. They rejected Jesus.

The reason that people today are out of Christ is because that they have rejected Him. If people are lost, it is their own fault; they have rejected Jesus. The invitation of Christ is given to ALL that are laden with the sin of the world.

Mt. 11:28 Come unto me, all ye that labor and are heavy laden, and I will give you rest."

Luther G. Savage, Minister

BAPTIST CHURCH

We appreciate so much the fine attendance we had last Sunday. We are grateful too, for those who united with the church, coming with their letters from churches in other towns.

Let's make next Sunday a still greater day. By having our services grow in spirit from Sunday to Sunday, we can accomplish what the Lord wants accomplished. Remember Sunday School at 9:45, morning worship at 11:00, Training Union at 6:30, and the evening worship at 7:30.

Remember the Crimm revival beginning Monday night in the High school auditorium. Bro. Crimm and his evangelistic party are preaching in several of the towns 'round about. He begins at Hamlin on Monday night. His coming is not sponsored by any one church or any particular organization. Because of unsettled weather, the Ministerial Council asked that the school auditorium be granted for the meeting. This was done because of respect for Bro. Crimm and the cause he represents. This is a community-wide revival, and will no doubt touch our entire community. I hope, personally, that our church will stand back of the meeting. We need a revival, and it may be that God is using this party to arouse renewed spiritual interest in the towns throughout this section. Every real Christian will want to pray for every effort put forth to reach the lost.

New Sound Equipment For Pipers' Field

One of the topics of main interest at the Aspermont-B Team game was the new press box and sound equipment. The old stand used for broadcasting has been razed, and on the opposite side of the field stands a box which accommodates from six to ten people. Two new speakers have been added to the two that the school had already and the volume of sound has been increased to four times its original capacity. It is now possible to use recordings as well as broadcast the plays.

Mr. C. F. Butcher acquired the equipment for the school at cost and donated a great deal of his time to the installation of the new system. The sound equipment did not function its best at the Aspermont game due to the location of the speakers on the scoreboard. However, the speakers have been placed on the light poles at intervals along the east side, and this should remedy the situation. The new system should be in first class shape for the Throckmorton game tonight.

Floyd Smith's F. F. A. Calf to Dallas Fair

On March 22, 1941, Floyd Smith purchased three calves from Jack Horne at Coleman, Texas. These calves were young and were taken from their mothers. It was necessary, therefore, to secure nurse cows for the calves. They weighed 147, 158, and 257 pounds.

The 257 pound calf has been exceedingly well and has gained over three pounds a day on an average since it was started on feed. This calf is in exceptionally good condition for the length of time it has been on feed and will be entered in

the Junior Division of the Boys Fat Calf Show of the Dallas Fair.

Floyd will send his calf with the Fisher County 4-H Club calves, on Tuesday, October 7. He will go to Dallas immediately following the Throckmorton foot ball game Friday, October 10, to show the calf on Saturday, Oct. 11. Mr. R. H. Campbell will take him with a group of other boys to the fair.

F. F. A. Greenhand Initiation

Tuesday, Oct. 7, has been set for the date of the greenhand initiation. The greenhands are first year Future Farmer boys. The initiation is to introduce them to agricultural work and, as a general rule, the boys get a fairly good push. Older members, or upper classmen, do the initiating and there are some who are capable of doing a good job. This is an annual affair and the greenhands are usually good sports about the situation.

Correction!

We would like to take this opportunity to make a correction of one of the articles in last week's "Piping for the Pipers." In connection with the organization of the Sophomore class the officers are as follows:

President, W. T. Johnson.
 Vice-President, Jack Harden, Jr.
 Sec'y.-Treas., Frances Gardner.
 Reporter, Bettye York.
 Sergeant at Arms, Clifford Carr.
 The sophomores also have as queen, Charlene Durham, and J. C. Smith as her escort. They have not elected their room parents as yet, but plan to do so in the near future.

Pep Squad Plans Uniforms

The pep squad has begun to organize now, and at the present there are about thirty-five members with more expected. The suits will be green skirts, white sweat shirts, green knee socks, and big green scarfs. In order to make the suits as inexpensive as possible they are all being purchased to gether. This past Saturday the girls and their sponsor gathered at the high school

to cut out the skirts, which are now being made. They hope to have the uniforms completed by the Throckmorton game.

Mrs. Grigg is giving her time to act as sponsor for the pep squad, and the students and faculty appreciate her work immensely.

Juniors Start With A Bang

The junior class has finally elected its officers for the year. Jimmy Clements won over Dean Witt for president by one vote. The other officers are: vice-president, Koleta Clements; sec'y.-treas., Ellis Benham, reporter, La Verne Hix.

The queen's race was almost as close as the president. Finally Billie Faye Rountree won, leaving Jimmie Dee George and Rosemary Bristow as ladies-in-waiting. The escort is to be elected at a future date.

Miss Willis and Mr. Grigg were elected as class sponsors.

The juniors tried their hand at making money for the first time last Saturday. They had set a goal of \$30 (to beat the Seniors). At the end of the day and with the result of super-salesmanship, the junior treasury held \$45. Old clothes and home-made candy go fast in these times.

Pipers' B Team Ties Aspermont

Even the downpour of rain did not affect the fighting spirit of the Hamlin Pied Pipers B Team as it met the Aspermont Bobcats Friday, October 3rd.

Both teams failed to tally anywhere during the long struggle, and the final score stood 0-0. However, late in the fourth quarter, Hamlin got loose a touchdown seemed inevitable. The play, however, was called back because of off sides.

The crowd was small, but the B club fought with the spirit that will make them a real Piper eleven in a year or so.

The Pipers go out to meet the Throckmorton team, a very serious threat for district championship, tonight at Pipers' Field.

Student Paints Picture for Office

In the office of the principal, Mr. Morton, hangs a lovely picture of a yellow cat resting on a maroon velvet pillow.

Winnie Faye Hassen began painting this picture last December about a week before Christmas, and finished it the last of February. The reason it took her so long is because she had to put on some paint and let it dry thoroughly before she could add any more. The paint in the picture had to be thick in order to look smooth and rich.

The inspiration for this picture goes back a few years. Winnie used to have a large yellow cat. Then one day last winter she saw a picture of two cats, a yellow one and a white one. Because the yellow one reminded her of her lost cat, she decided to do the picture.

Mr. Morton needed a picture in his office, so our artist let him hang "The Yellow Cat" there. The picture can be seen from the entrance hall, and every day many students stop to admire it.

Home Making Club Has Program

The section two home making club met in room 17, Oct. 3. The program consisted of the following:

"The Home Makers and National Defense," by Margie Steed and Verna Mae Colwell.

"Home Economics — The First Line of Defense," by Edith Armstrong.

"Home Defense," by Louise Tindal.

The program was enjoyed very much.

Junior Schubert Club Meeting

Wednesday, October 1, the Junior Schubert club had its first call meet-

ing. The purpose of this meeting was to introduce to the club members our new co-sponsor, Mrs. Jack Russell; to elect new members; to discuss a new place of meeting; and to elect two new officers.

The meeting was called to order by the president, Milton Fletcher. Selma Hassen was elected vice-president; and Koleta Clements was chosen recording secretary. Five new members were elected. The club decided upon the place where the Senior Schubert club convenes for its meeting place. Instead of refreshments every meeting as was the custom last year, the members decided to have several big events throughout the year.

Hamlin Welcomes New Students

There have never been so many new students enrolled in Hamlin High school.

To the following new students who have enrolled in school this year, we extend a welcome, hoping that you will find Hamlin High one of the finest schools you have ever attended:

From Wise Chapel: Melburn Ford, Fred Vaughn, Odessa Griffin, Francis Wilson, Steve Griffin, J. C. Rose, Wanda Austin, Resia Bea Stone, and Keith Louise Jobe.

From Plasterco: Corene Wilcox, Ina Mae Wallace, Grace Turner, Louise Riddle, Wanda Jean Fancher, Jean Carr, Ora Mae Bond, Nora Faye Bond and Quentin Criswell.

From Swedonia: Paul Farrow, Jean Andes, Jenelle Dean, Jimmie Dee George, and Marie Holley.

From McCauley: Tressie Faye Young, Joseph Miles, and Norris Shira.

From Tuxedo: Edwin Pritchard,

Duain Stephens, Audrey Harwell, and Vada Lee Meads.

From Roby comes F. L. Mitchell, and from Rotan comes Margaret Wallace. Max Harris, L. V. Hill and J. T. Bass come to Hamlin from Bethel. Boyd Chapel sends Duane Brown and Hilda Hubbard; and from Flat Top come Ola Jean McInroe and Vivian Rainwater. Annie Lee Turner is from Neinda; Robert Clifford is from Hitson, and J. C. Cooley is from Dovie. From Odessa comes Rudy Harrelson, and from Livingston comes Billie Kathryn Lancaster.

Flora Baldwin comes to Hamlin from Verbena; from Doanhue comes Johnnie Hester. Haskell sends us Bobby Glenn, and from Quanah comes Charlotte Lewis. Charlie Johnson comes from Carlton; Steve Cantrell comes from Carey; Jack Epson comes from Stamford and Buddie Newberry is from Afton. Herbert Wells has recently registered, and he comes to Hamlin from East Texas.

Ink We Splatter

This osculation subject is certainly getting popular. In case any of the underclassmen would care to know what it is all about, just ask a senior what they have been studying. Pretty good subject, eh?

Just ask John H. if Spanish is really hard or is it just that certain word that the teacher continually pronounces for you.

Here's the latest news: (Turner thinks): "Turner shines. Barrow stars."

Fate must be against Lofton, he can't even sit by Billie F. R. in choral club on account of Pig. Pig must you be so mean to Lofton?

The eighth period study hall was really enjoying a serenade by several foot ball serenaders last Wednesday until Mr. Archer decided it was not very educational and made the students start studying.

Please—Joe Sam, have a little mercy on Ralph Dean and John Brown. Leave at least one of them a girl!

If you see several couples come bounding to school just before the last bell at noon, don't be surprised. Burton's was so attractive that they just couldn't leave sooner.

Say, Billy Jack, what's this we hear about Gennavieve? Boy you

are doing all right, Gennavieve is a swell girl.

Coach, really do you have to be so mean to us girls? Besides having a squad of sad faced boys, you have almost a schoolhouse full of long faced girls. It wouldn't hurt to talk to us a little bit, would it, Coach?

Have you heard of Gollocks? If you have and wondered who he is, just ask Bettye York. She can tell you.

He's a real Piper, Haines! He chases rats in English class. He can catch 'em too, better luck next time.

"Billie Ray, did you get my note?" yells Koleta. Why, Koleta, dear, we thought you quit that when you came to high school, but it just goes to show how old tricks will stay with you. Nobody believed she was writing about a part on the Sunday School program either.

It seems that Mr. Smith has to direct the band with nursery rhymes. We knew he'd find something you'd understand, children.

Mr. Grigg insists that his book-keeping class needs Miss James for a couple of months, then maybe he can teach them after they learn how to do simple arithmetic.

The chemical laboratories of the petroleum industry are now laying the foundation for industries of the future.

Out of their research are being created new products and more efficient ways of making old ones. Synthetic rubber, plastics, explosives, basic chemicals and scores of other essentials developed in petroleum laboratories are already being made on a commercial scale.

These scientific discoveries of materials vital to peace-time needs, as well as National defense, are opening up new fields of industrial activity.

Texas as the leading oil State is playing an important part in the creation of these new American enterprises. As a result, many young Texans now preparing themselves in our schools and colleges will find places in the industries resulting from this research.

SCHOOL NEWS --

He's A Real Piper! BARROW!

Piper Editor's Note:—This is to be a series of columns, introducing to the people of Hamlin the outstanding students in High school.

This black haired, green-eyed boy who roams the halls of Hamlin High is captain this year of the football eleven. He is a guard on the Piper team and was chosen all district guard last year. His high school career began when he was president of the freshman class of 37-38, and he is still going strong.

He grinned as he told me he preferred blondes, and this was further evidenced when he told me his favorite actress is Betty Grable. He also said he had an interest in the city of Sundown. Like most little boys his favorite actor is Gene Autrey. His pastime is education

and he makes getting in by 9:00 his hobby. He likes all school teachers a little if they have a sense of humor. He admitted with disgust that his pet hates are girls that flirt with boys, and rainy football games.

Hamlin Hi salutes you, Barrow, as a real Piper!

Beta Theta Chapter Entertains With Tea

The annual formal tea of Beta Theta Chapter of Beta Sigma Phi was held in the home of Mrs. John Ed Day Sunday afternoon with Mrs. Goodson Sellers of Rule as guest speaker.

Mrs. Sellers reviewed "The White Cliffs" by Alice Duer Miller. She wore a white taffeta gown with knitted jacket trimmed in multi-colored sequins.

Guests were received by Mrs. Day, Miss Elsie Wienke, sorority president, Miss Edwina Gilbert and Miss Emma John Blake. They were served from a tea table appointed in Gold and Black, sorority colors. Souvenir roses were placed in a black container, with yellow tapers in black holders on either end of the table. Miss Loucille Willis, vice-president, poured. She was assisted by Mrs. Perry Sparks and Mrs. Austin Poe.

The members and guests were seated in the living room which was decorated with brilliantly colored autumn flowers. Others present were Mrs. J. O. Lewis, Mrs. Melvin Rigg, Miss Avalene Murphree, Mrs. Garland Tumlin, Mrs. Holly Toler, Mrs. Gerald Morgan, and Mrs. Turner Bynum.

Mrs. C. E. Ball to Be Presented Book Review

The Wesleyan Service Guild will present Mrs. C. E. Ball in a book review Sunday afternoon, October 14, at 3:00 o'clock in the basement auditorium of the Methodist church. "One Foot In Heaven" by Hartl Spence, is the book to be reviewed. The public is cordially invited.

Woman's Literary Club opens 33rd Year

The Hamlin Literary Club observed presidents day with a luncheon Friday at 1 o'clock at the Morgan House with 20 members present.

The new officers greeted the members and ushered into the dining room where the tables were decorated in observance of the theme of the course of study—sailing Through the Islands of the Sea. A small sail boat centered reflector banked by fern and vases from which small sign posts indicated the islands to be visited. On either side of this centerpiece were boat-shaped crystal bowls filled with pink roses. More fall flower in crystal containers were used on piano and other tables.

Each member found her place as indicated by very original place cards by Mrs. S. E. Brooks, a member of the club.

Mrs. R. D. Moore acted as director of the meeting in the absence of Mrs. R. C. Clifford. As the club celebrated its 33rd anniversary this month, Mrs. Moore introduced a Mrs. W. M. Green, who is an

honorary charter member. Mrs. Green spoke a few words of greetings and encouragement to the club.

The members then sang God Bless America, led by Mrs. Campbell and accompanied by Mrs. Henry Albritton.

Mrs. Moore then introduced the new president, Mrs. Tate May, who extended greetings to the club, acknowledged new members, and welcomed Mrs. Green. Mrs. May then brought a very inspiring message to the club in which she stated that Article I, Sec. II of the Constitution was going to be stressed more this year than in the past. This Article says that the Woman's Literary Club is to Promote Literary Culture, community improvements, and federation activities. Mrs. May sincerely expressed her wishes that a community recreation center be organized, and that a county Health Unit be adopted. She closed her message with these words: "Keep us, God, from all pettiness; let us be large in thought, in word and in deed."

Mrs. G. R. Bennett, first vice-president, made the response in which she gave four resolutions to be adopted by the club. As a whole, these resolutions stated that the members be patient, tolerant, and think of others in place of self. The reading of the club collect was led by Mrs. R. D. Moore and then the president conducted a short business session after which the club adjourned.

The new members elected for the club were: Mrs. Landon Davis, Mrs. A. Spencer, and Mrs. John O. Lewis.

Committees for the luncheon were: Menu—Mrs. W. H. Eyssen, Jr., Mrs. Henry Albritton and Mrs. R. H. Campbell; Arrangement—Mrs. H. O. Cassle, Mrs. D. W. Stell, Mrs. L. S. Sparks and Mrs. S. E. Brooks.

Miss Louise Abbott Marries Dallas Man

Mr. and Mrs. Walter B. Abbott of Hamlin are announcing the marriage of their daughter, Louise to Mr. Frank M. Smith Jr. of Dallas. The ceremony was read by Dr. Hawk in his home in Dallas, Friday, September 12.

The couple will make their home in Richardson, Texas.

Mr. Abbott is employed in Fort Worth and Mrs. Abbott joined him there and they, with their daughter, Mrs. J. B. Baker Jr. and Mr. Baker went on to Dallas to attend the wedding.

Mrs. Smith has been employed in Fort Worth and Dallas for the past few years. She was honored by Fort Worth friends with a lovely shower and other parties.

Baptist W. M. U. Has Installation Service

Onward Christian Soldiers was the opening hymn Monday afternoon when the W. M. U. met at the church for the installation of officers and the regular business meeting. The hymn was led by Mrs. O. G.

Harvey, with Mrs. H. E. East as accompanist. The devotional was given by Mrs. M. Y. Wilson who used as her subject, Marching Orders for the W. M. U., basing her theme on Exodus 14:15.

A beautiful and impressive installation service was given by Mrs. H. O. Cassle. As she introduced each officer and named her duties, she selected a flower to represent that officer and placed it in a large white pottery vase, thus forming a beautiful bouquet which represented the W. M. U. as an organization. A short message was given by the pastor, Rev. H. E. East.

Following the service, the women went to an assembly room in the basement to hear a program given by the Junior G. A.'s, sponsored by Mrs. D. W. Stell. At the conclusion of the program, Mrs. Stell, assisted by the G. A.'s, served cookies and tea.

Herbie Faye Johnston Hamlin Representative Queen's Pageant

As a representative of Jones County and of Hamlin, Miss Herbie Faye Johnston, daughter of Mr. and Mrs. H. A. Johnston, went to the Dallas fair to participate in the Queen of Queens pageant and parade. Due to the downpour of rain on Saturday morning, the parade was postponed and then staged in the rain with the floats dripping and unoccupied while the queens rode in cars behind them. This parade was to be a very elaborate affair with a flying squadron forming a "V" for victory above them as they passed down Main Street.

But in spite of the rain, the girls were highly entertained. Saturday at 1:30 the 62 queens had lunch in the Mural room of the Baker Hotel. The afternoon was free for rest and sight seeing.

At six o'clock they were carried to the Stoneleigh Penthouse for dinner, after which they went to the fair grounds where they saw the Earl Carroll Vanities from Hollywood. Following the show the Queens were arranged on the stage and introduced as they entered. The master of ceremonies gave the girl's name, her home town, the school she was attending, why she was chosen as a queen, and who sponsored her.

Then came the elimination. Mr. Carroll himself was the only judge. He eliminated by halves until he had only six from whom to select the State Fair Queen of Queens. Herbie Faye was in the running to the last group. The last group was rather a more mature group, mostly college juniors and seniors. The Queen of Queens was Miss Corsicana, a senior in Baylor University.

On account of his wife's illness, Governor Coke Stevenson could not be there for the coronation. The president of the Texas State Fair placed the crown upon the Queen while a group of ten flood lights beamed and a movie camera ground out the records for the future.

After the coronation, an M-G-M. movie scout called out the numbers of a dozen girls he wished to interview.

Herbie Faye was one of them. After her interview, she started to leave and before she got out of the building he sent for her for a second interview. There was another two hours' entertainment after the coronation.

Herbie Faye thinks that she had the time of her life and that she may never enjoy another two days quite so much. She wishes to thank the Chamber of Commerce and all who had anything to do with her going for this great experience.

President Honored With Opening Meeting

The Schubert club held its annual opening luncheon at the home of Mrs. Joe McCrary Saturday, October 4, honoring the new president, Mrs. Ira Clements. The home was beautifully decorated with cut flowers in season.

The tables were centered with attractive bowls of yellow marigolds and places were marked by attractive place cards. A delicious two course luncheon was served by the entertainment committee.

Following the luncheon, Miss Edwina Gilbert, vice-president, presided over the program. The club members sang America The Beautiful, accompanied by Mrs. W. C. Russell. Mrs. C. F. Butcher also accompanied by Mrs. Russell whistled Ave Maria by Schubert. Mrs. Henry Albritton gave a resume of the year's program.

Active past presidents of the club who were present were introduced, namely, Mrs. Q. Martin, Mrs. Bill Rountree, Mrs. J. E. Moody, Mrs. W.

C. Russell, Mrs. Gordon Bennett, Mrs. L. H. McBride, Mrs. A. A. Hackley. Charter members who are still active in the club were also introduced. Namely Mrs. Fred Carpenter, Mrs. Q. Martin, Mrs. Bill Rountree and Mrs. W. C. Russell.

Miss Gilbert introduced the new president, Mrs. Ira Clements. Mrs. Clements' address was based on peace—a timely and appropriate subject for these trying times of today.

New club members were introduced as follows: Mrs. Leslie Shelburne, Mrs. Tom Vaughan Miss Samford, Mrs. Leslie Sparks. Other new members who were not present, are Miss Wallace, Mrs. W. R. Lowery, Mrs. De France Burton, Mrs. Lott Shell and Miss Peck.

Others enjoying this delightful occasion were Mmes. Gerald Morgan, Clinton Barrow, Mart Farrow, Don Q. Gould, Jack Russell and Miss Avalene Murphree and Miss Alice Reece.

Mr. and Mrs. Jessie Hancock spent Sunday afternoon with her parents, Mr. and Mrs. O. C. Haught, of the

Guy Kemp left last Monday to join Uncle Sam's boys as the draft caught him. When we asked him where he was going, Guy told us that he failed to ask where they were shipping him to, as it didn't make any difference.

O-O-O-O

It looks as if the war has settled down for the winter. Both sides are winning, so we hear. The Liberty magazine has an article in it this week about Lindbergh being the most dangerous man in America. Personally, we don't think Lindy will get very far with his Jew hating propaganda. The world has one Hitler. However, we will admit that there are a few would be Hitlers in America, but there are too many good honest, sensible folks who believe in a free form of government that won't be misled by a long legged sap such as Lindbergh. These goody goody folks who pat you on the back when they see you and stab you in the back when you turn your back, will bear watching.

Mr. and Mrs. J. P. Cornelius, Lee Ward and Jim Ferguson spent Friday of last week in Abilene.

Mrs. Jack Terrell of Odessa visited her parents, Mr. and Mrs. Joe Allen during the week end.

Mr. and Mrs. O. C. Estes had as their week end guests her brother and family from Dallas.

The school children are now being served hot lunches. Mrs. Lucille Crowder is doing the cooking. The children seem to be enjoying them.

The crowd at prayer meeting last Wednesday night was small on account of the rain, but everyone is urged to be present any time it is possible.

After B. Y. P. U. Sunday night, we had a very good singing. Our next mid-week singing will be on Thursday night, October 16, at the church. If you enjoy singing, you are cordially invited to be present.

Gold Star Girl For Jones County

Billie Francis Cox was selected as Gold Star Girl for Jones County by the following committee: Mrs. J. E. McCaleb, chairman of the Education committee in the council, and Betty Jo Ray and Yvonne Magee.

Below is part of the story of Billie Francis' accomplishments: During the three years I have been a club member, I have made a pair of pajamas, three dresses, one blouse, two aprons, a bonnet, two slips, a sox bag, book case, dressing table, two shoe racks, mattress cover, pillow cover and a frame garden. I also helped can 500 containers of fruits and vegetables this year.

I raised 50 chickens this year. Besides that, I improved my room; in fact, I improved two different rooms. I refinished the rug and floor and also my desk, and greatly improved my clothes closet. My closet was very dark, so I took old white window shades and covered the inside, and this made it much lighter. In the end of the closet, I put two shelves where I keep quilts and blankets. With the help of my mother, we built a shelf out of a box for hat racks. I made a dressing table out of an old dresser, and the seat out of an old cane bottomed chair.

After I had made my dressing table, I sold my pony and my saddle, and bought a new bedroom suite, so I have the other furniture in another room.

With my part of the cotton stamps, I bought sheets, towels, wash cloths, a bedspread and curtains.

I am very proud of the work I have done, and am sure it will help me in the future.

—Gladys Martin, Co. Home Dem. Agent.

Corporal Horace W. Newberry is at home with his parents, Mr. and Mrs. C. W. Maberry for a short furlough that ends this Friday. This young soldier volunteered over one year ago. He is in the Second Signal Co., stationed at Ft. Sam Houston. He says the 2nd Div. has "Sailing orders" for Oct. 16, and maybe it means South America.
